I had such a pleasant first time experience. I love how I was not there long, but still received a thorough exam. Thank you Dr. Sanguinetti, Myra and Andrea.

Dr. Sanguinetti and her staff deserve all the praise. My family and I have been clients for about 12 years and we've never had a bad experience. And the fact that both my boys have never been scared of their dental visits since they were little, it speaks volumes. They're always on point with making your appointments, to greeting you as soon as you walk in, to making you feel comfortable in the chair. I definitely appreciate honesty and professional hospitality. Thank you Dr, and your ALL staff.

My husband and I have been coming here for years, the staff is awesome, and Dr. Sanguinetti is amazing. I don't think we've ever sat and waited for forever until we are called to the back. They are usually ALWAYS on time. As I type this, I am reminded that I am due for a cleaning, ha!

Everything is so simple with her, from setting up appointments, to her great and helpful staff up to her being the best dentist. She makes you look forward. .. " to going to the dentist " ... 😊

I should have come a long time ago! The staff are nice and friendly! They don't try to sell you extra stuff by being pushy like other dental offices. That's a big plus alone! I love the fact they are not judgmental, especially the dentist. Dr. Sanguinetti tries to get to know you and doesn't make you feel bad about your teeth. I love how she shows you a problem area. For example, I have a cavity on my upper tooth which is hard to see on my own. She showed me the area which made me feel more comfortable and trusting. Other dental offices can say you have 7 cavities and don't really show you the problem areas.

The best dentist in the area! If you don't have dental insurance, she can help you. Do NOT stop going to the dentist because you don't have insurance. She is amazing, gentle, and cares about her patients!

I've been going to this clinic for the last two months and haven't been disappointed whatsoever. Doctor and staff are very nice, warm and friendly. I like that doctor is singing, I would sing along if my mouth doesn't have to be open most of the time, haha. I would recommend this clinic again and again. Thank you all very much.

I don't mind going to the dentist. Dr. Sanguinetti is painless and she loves music. Her staff is awesome. Update: My husband and I have been going to Dr. Sanguinetti for almost 14 years and we are both very happy with her staff and Dr. Sanguinetti. We intend on going to Dr. Sanguinetti until we no longer have teeth. Even longer if she deals with the toothless denture wearing patients.

I have been using Dr. Sanguinetti for years. She has done everything for me including cleanings and x-rays, Invisalign, and veneers. The office is always very clean and welcoming. The staff is so sweet and kind. Dr. Sanguinetti has a great bedside manner. She hums while she works on my teeth, and is great at calming my nerves with small talk before she starts. I highly recommend her for all your dental needs.

It's always a pleasure to visit Dr. Sanguinetti. She's been our dentist for about two years now and my husband and I are very happy with the level of care and expertise she provides. Office visits are always easy, never a long wait. She is also genuinely interested in learning about her patients which is sweet. I also like that she is the sole dentist at her practice, meaning it's not a large company with rotating dentists; so you don't have to worry about seeing a random person each time!

We initially switched to Dr. Sanguinetti because we didn't like the first dentist we had in Baytown; we felt this first dentist was trying to do more work than was necessary. Safe to say we don't have that problem anymore with Dr. Sanguinetti.
